### Carmangay Man Dies At Age 84

Albert J. Anderson of Carmangay died in Picture Butte, at the age of 84, on June 27, 1962. He was born in Winchester, Wisconsin and moved to Carmangay in 1917.

Mr. Anderson was an original member of the Alberta Wheat Pool. He did considerable custom threshing in the early days. He was a member of the local school board and an active sportsman. He retired in 1949 and lived with sons, Alvin and Marvin.

Besides his sons he is survived by three daughters, Mrs. Margaret Deimirth of Turin, Mrs. Alvira McRae of Barons and Mrs. Martha Silsby of Barons; two sisters, Mrs. Sophie Bolen of Minn. and Mrs. Cella Hoyde of Carmangay; a brother, Thomas of Medicine Hat; 27 grandchildren and 22 great grandchildren.

Funeral services were held at Martin Funeral Chapel. Interment was at Bowville cemetery.

Pallbearers were his grandsons, Penny Anderson, Lloyd Anderson, Lawrence Dermuth, Kenneth McRae, Ronnie McRae and Russell Silsby.

## Elks Win Last Three

### Champion and Vulcan In Close Baseball Race

It's going to be a close race to the wire for first place between Vulcan and Champion in the Foot-hills Baseball League this year.

Three recent wins by Elks have given them a 14 win, 3 loss total in games while Champion has a 15-3 record. Vulcan's advantage is in the fact that they have three more games to play while Champion has only two left. Both teams are hooked up in two of these games while High River meets Vulcan in the third.

Champion was to play at Vulcan Wednesday of this week while the Elks visit Champion for an afternoon game this Sunday starting at 2:30 p.m. The schedule has High River coming to Vulcan next Wednesday and playoffs begin on Sunday, July 28.

First round of the playoffs has first place team against third, and second against fourth with the series going three games out of five. Finals are also five game series.

Two recent wins by Elks were at Okotoks last Sunday where they took the afternoon game by a one-sided score and got by the night game with a 6-5 win. Boutland and Phillips pitched for Vulcan in this doubleheader.

Last Wednesday Vulcan played at Lomond and made up for a previous defeat by trouncing their hosts 24-13. Starting off with a three-run homer in the first inning the locals never looked back. Cottrell and Rhodes shared pitching duties for this one.

League standings remain the same as last week with Champion on top, followed by Vulcan, Lomond, Nanton, High River and Okotoks.

Vulcan Lineup:—Burley, Phillips, Sjogren, Rhodes, Gatenby, Collier, Parker, Holton, Cottrell and Jantzie.

### Many Guests At 50th Anniversary

Open House was held at the farm home of Mr. and Mrs. Leonard Voisey, near Vulcan, Alta. on Sunday, July 8, 1962, in honor of Mr. and Mrs. Guy Voisey, who were celebrating their 50th wedding anniversary.

Over 200 well-wishers called during the afternoon and evening to help the honored couple celebrate this special occasion. Out-of-town guests were Arthur Nelson of Calgary, Alta., a brother of Mrs. Voisey, and Mrs. Pearl Fry of Spokane, Wash. and Harry Voisey of Cranbrook, BC, sister and brother of Mr. Voisey; also relatives and friends from Calgary, High River, Nanton, Macleod, Vulcan, Picture Butte, Raymond, Carmangay, Champion, Victoria, Vancouver, White Rock, BC; Galt, Ont.; Spokane, Wash.

A beautifully decorated three-tiered wedding cake with tall gold and white candles on each side graced the tea table with Mrs. Peter Dawson, of Vulcan Mrs. Montgomery of Nanton and Mrs. Pearl Fry of Spokane presiding in the afternoon and Mrs. H. Marshall of Champion and Mrs. Harry Voisey of Cranbrook presiding in the evening.

Mrs. Meryl McIntyre and Mrs. Barbara McLean were in charge of the guest book.

Mr. and Mrs. Voisey were recipients of many beautiful gifts and bouquets of flowers, also scrolls from Premier E. C. Manning of Alberta and the Right Honourable Dr. Percy Page, Lieutenant-Governor of Alberta.

The refreshments were served by the members of Champion Chapter No. 36, Order of the Eastern Stars. Mr. and Mrs. Voisey came to Alberta in the early 1900's. Mrs. Voisey taught school in the Alston district prior to her marriage.

They were married at Vulcan, Alta., on July 10, 1912. They homesteaded and farmed in the Champion district until their retirement, when they moved to Vulcan, where they have made their home.

They have one son, Leonard and four grandchildren.

### Paintings Win Many Prizes

The 38 Grade 1 to Grade 8 pupils at the Herrington school made an excellent showing with their exhibit of paintings at the Calgary Exhibition last week, taking a total of 36 prizes.

For their work, the pupils gained 13 firsts, 12 seconds, 11 thirds and

### W. G. Sutherland Crack Down On Violations

#### Transferred To Edmonton Post

W. G. "Scotty" Sutherland, district plant manager at Vulcan for the Alberta Government Telephone for the past eight years, left last weekend for Edmonton, to where he has been transferred as assistant rural organizer.

An active community worker during his stay in Vulcan, Mr. Sutherland has been a member of the town council and its Civil Defence representative, company sergeant-major of "A" Company Calgary Highlanders, and a member of Vulcan Lodge, AF and AM.

Several farewell parties have been held in honor of Mr. and Mrs. Sutherland this past month and they will be greatly missed in the community.

Mrs. Sutherland and their three children will move to Edmonton at the end of this month to take up residence in their new home there. The Sutherland house has been sold to Fred Cartwright of Champion, a member of the Vulcan high school teaching staff.

New AGT district plant manager at Vulcan is Bill Warren, who has been transferred here from a similar position at Claresholm.

### Minnie J. Elliot Dies In Ontario

Minnie Jean Elliot, daughter of the late Mr. and Mrs. Thomas Elliot of Milton, Ont. and sister of David Elliot of Acton, Ont., formerly of Champion, Alta., and Mrs. Isobel Watson of Acton, died at Milton on Thursday, July 12.

Services were held at Milton on Saturday, July 14 and interment was in the Evergreen cemetery, Milton.

#### Complaints that some residents of the town are watering their gardens and lawns at times other than those specified by by-law have led to the town council instructing the police department to check on any apparent violation of the watering by-law and to lay charges against householders who are breaking the by-law.

It was pointed out that the fire department has discontinued for the summer all practices involving the use of water and fire fighting training is being confined to practices with ladders, extinguishers, breathing apparatus, etc., to maintain the efficiency of the department. In view of this action by the fire department and in fairness to those residents who are observing the provisions of the water by-law, those who are not observing the by-law will be subject to court action.

### Services Held For Max Crawford

Funeral services for Maxwell Crawford, aged 77 years, of Vulcan, who died July 11 in Calgary following a lengthy illness were held from the Vulcan United Church July 13, with Rev. D. A. Sharpe officiating.

Mr. Crawford, who engaged in the barber business for many years in Vulcan, was a member of the Elks and Canadian Legion. He is survived by one brother and one sister as well as several nephews and nieces.

Pallbearers were John Hyslop, Russel Robson, Clayton MacMillan, Walter McDermott, Leonard Engen and Thomas Jensen. Interment was in the Vulcan cemetery.

### New Race Track Opens At Nanton

An estimated 1,000 excited stock car racing fans were treated to a daring display of driving last Sunday at the season opener from Nanton's new Rocket Raceways. While seven races were slated for the afternoon, there was time for just four of these before a typical summer deluge dampened the track. (Local farmers didn't mind at all).

Taking the honours in each of the three-mile heats were Ken G. Line of Calgary, Pete Benson of

Drumheller, Lloyd Eby of Didsbury and Eric Alsen of Olds. The boys will be back at it again next Sunday when the postponed races from this week will be added to the slate. Action starts at 2:30 p.m. with time trials set for 2:00 p.m.

Several spectacular spills, the last of which was a piggy back affair including Hanna drivers Joey Anderson and Roy Harrison, had fans on the edges of their seats.

### Fire Destroys Workshop At B. Lucas Farm

A fire, Tuesday afternoon of this week, at the farm of Bill Lucas, eight and one-half miles west of Vulcan, levelled a machine shop, damaged an adjacent garage and for a time threatened the farm home and other buildings in its path along the roadway.

Cause of the blaze was not known and damage cannot be estimated but some insurance was carried on the buildings.

The farm was almost deserted following the lunch hour, when the fire is believed to have started, except for the wife of the hired man whose home is beyond the main house, some distance from the workshop. Bill Lucas and son Wayne had left in the morning for Millarville where the last of the stock were being taken to pasture, and were not aware of their misfortune until they returned at 7:00 p.m.

Bill's wife Opal had taken daughter Linda and two young visiting friends into town and the hired man was in the fields haying at the time the fire broke out, around 2:00 p.m.

An explosion, possibly from an acetylene tank, attracted Mrs. Peters' attention and on seeing the fire she attempted to place a call without success.

Meanwhile Ernie Miller who

lives on the farm a quarter of a mile west, spotted the flames and called the local operator.

The rural pumper, manned by Fire Chief Bob Johnston, Jim Craig and George Richardson was contacted at 3:00 p.m., and once prepared, were on the scene in 10 minutes. The workshop, at that time, was doomed and fire had spread to the empty garage so the 700 gallons of water on the pumper was turned on it, while a crew of farmers set up the small auxiliary pump and hose to run from a dugout about 200 yards distance. A few minutes delay was experienced in starting the pump but firemen kept the main blaze in check with hand pumps and dry chemical spray until the water supply was available.

By 3:30 p.m. the fire was under control, however water was poured off the remains until close to 6:00 o'clock.

#### GARAGE SERVICE

Open on Sunday from 10 a.m. to 3 p.m., from 8 a.m. to 6 p.m. week-days, and 8 a.m. to 9 p.m. on Saturday, this coming week.

Wheat Centre Motors

Destroyed in the workshop was an older model truck used on the farm, and apparently in the midst of some motor work. Also lost was a Cockshutt 40 diesel tractor, one described by Phil Lucas as being in constant use and just recently brought into the shop for repairs to a water pump. In addition a complete welding set, taps, dyes and the hundreds of dollars worth of tools and equipment gathered in 15 years of farming, were lost.

A lump of metal, identified as a power lawn mower only by the handle leading to it, is among the remains as are two twisted frames of what were new bikes which were put in the shop before the trip into town.

A gas pump, standing within a few feet of the workshop, escaped the fire through the benefit of the light wind which was blowing away from it. About three gallons of gas in the glassed upper portion was bubbling from the heat and the 500 gallon underground tank had just been filled Tuesday morning.

The wind steadily rose as the afternoon progressed and by supper time Calgary news broadcasts placed it as between 30 and 45 miles per hour in the city.

The main farm house, separated from the garage by about 50 feet of driveway, would have been in

grave danger had the garage gone up completely, according to Fire Chief Johnston. It is a two-storey building with shingled roof.

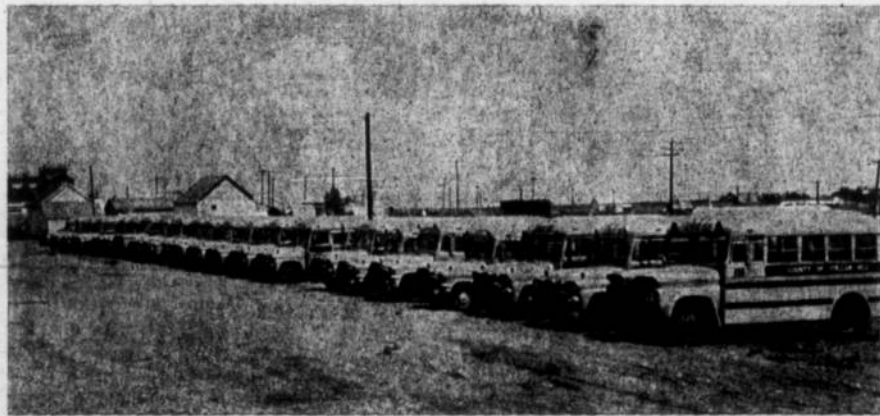

An out-house, now a relic and standing upwind next to the barn was hardly scorched and a small camp trailer between the garage and workshop was sufficiently protected by the wind to escape.

One of the helpers at the fire was working a field just barely in sight of the farm over the swell of land to the east, when he saw smoke. At first he thought it was only garbage but as the smoke clouds blackened and grew he realized it was more serious and headed his tractor for his truck and raced on to the scene to help out.

Farmers working at the fire expressed satisfaction over the value found in the rural fire pumper, as one time a controversial issue before its purchase. It was felt the pumper saved the farm home, the hired man's residence and possibly a large livestock barn.

Mr. Lucas has a membership in the Vulcan Rural Fire Protection Association.

This marks the second recent fire in the Lucas family. Phil Lucas who farms a mile south of Bill, lost a hog production barn last December.

Although the above picture may be a somewhat grim reminder to holidaying students that their freedom is limited, they will have assurance that their transportation will be a safe as mechanics and

equipment can provide. Twenty-two County vans are shown lined up ready for their trip through the County garage where they will receive everything from a complete tune-up to a major overhaul

if necessary. The total number of vans owned by the County is 24 and one mechanic works steadily through the summer to meet the September deadline for action.

**90% of all oil company product research in Canada is done by Imperial**

At Imperial Oil's laboratories at Sarnia, Ontario, more than 200 scientists and technicians are working to improve present petroleum products—and to develop new ones. Their research covers many fields, from gasolines to household detergents.

Another 130 scientists and technicians are working at Imperial's Calgary laboratories on ways to find and produce more Canadian crude oil and natural gas. Imperial does more research than all other oil companies in Canada combined.

Every barrel of crude oil contains some of the sun's heat. Imperial research works to unlock more of this energy. After five years' intensive research, Imperial found a chemical additive which makes more heating oil available from Canadian crude oil. One important result: less oil imported to heat Canadian homes.
